SIX-DISTRICT SCHOOL UNIT FAVERED BY FAIRFIELD BD.

The Fairfield Joint School Board Monday evening moved to ask the Adams County School Board to consider a six-district unit for the county under the school reorganization plan and named a committee to acquaint voters of the district with the proposed school merger referendum. The board met in the Fairfield High School.

President Joseph T. Lowe named Floyd Brown chairman to serve with Lloyd Sites and Harold Deardorff to outline a program of information on the merger referendum for presentation to local voters prior to the primary election on May 19.

The board also agreed to delay making a commitment to the Franklin County School Board on the area technical school until a decision is made by the county board here.

TO DISCUSS SALARIES

A lengthy report was presented by Rev. Otto Kroeger, chairman of the personnel committee, on janitorial duties at the new building. He asked that the program be given trial period before the board accepts the schedule as final. Merle Weikert has been employed to assist James Kauffman and John Herring as janitors.

The personnel committee was asked to meet with Supervising Principal Harold R. Blair to discuss teachers' salaries for the 1964-65 term, and Robert Baumgardner was named to serve on the furniture committee, to succeed Emory Flohr, to assist in the study of disposing of used furniture and doors.

The board accepted the recommendation of John Reinold, chairman of the property committee, to establish rental fees for use of the gymnasium, cafeteria and classrooms by church, charity and noncommunity groups. A rental fee of \$3 a hour was set for churches and charities using the gymnasium when only lights are required. A \$5 an hour rental was set for light and heat. Noncom-

JONES GIVES FISCAL TALK AT WCC MEET

Philip M. Jones, newly elected president of the borough council, in an address at a meeting of the Women's Civic Council in the American Legion Home Monday evening, said that \$60,300 had been received during the past year from parking meters, permits and parking fines. The largest item on the receipt side of the budget was \$102,600 from taxes and the total receipts for the year were \$195,400. He said \$173,700 was paid out during the year, the largest amount being \$61,000 for protection to persons and property (police and fire departments). The Adams County Library was allotted \$2,500 and \$3,500 was used to repair the Tiber. Jones answered many questions during an informal discussion period.

Mrs. Robert C. Harpster, retiring president, installed the following officers: President, Miss Martha Strasbaugh; vice president, Mrs. Edith Bushman; secretary-treasurer, Mrs. Bernard Frazer.

The council was presented with a gavel made from wood off the battlefield by the Soroptimist Club.

GOOD FRIDAY ISSUE

The question of keeping local stores open on Good Friday was discussed and representatives were instructed to discuss its further in their organizations.

An auditing committee was appointed comprising Mrs. William Pinko, Mrs. Virginia Lauver and Mrs. Ralph Fiscel. Mrs. Harpster was appointed program chairman, Mrs. Guyon E. Buehler, public relations chairman and Mrs. Pearl Wiser, chairman of borough council attendance. The president appointed Mrs. Robert Roberts to the board of directors. The council elected Mrs. Merle Rudisill and at a meeting of the new board of directors following the meeting they elected Mrs. Estelle Williams to the board.

The council voted to hold a social meeting in June and no meetings in July and August. Ten organizations were represented.

Fairfield Water Supply Approved

Water Superintendent Wilbert Fleming Monday evening told members of the Fairfield Municipal Authority that the borough's water supply has been approved by Robert M. Johnson Associates, who recently analyzed the supply.

The meeting was the regular January session, postponed from last Monday because of the storm. Edward Snyder, president, presided.

Bills totaling \$3,571.07 were approved for payment. They included \$1,916.29 quarterly payment to the trustee bank, and \$973 to Leonard Shealer for installation of the Iron Springs road water line extension.

K. R. DENGLER IS RE-ELECTED BY REC BOARD

Kenneth R. Dengler, York St. grocer, was re-elected president of the Gettysburg Recreation Board Monday evening at its meeting in the Recreation Office in the Junior High School building.

Barton Hoppe was named as vice chairman while Mrs. G. Donald Wickerham was re-elected secretary.

Much of the meeting was devoted to discussion of plans being forwarded for a swimming pool for the community. Several of the members of the board are scheduled to meet tonight with the Swimming Pool Committee in the Calvin House, E. High St., to learn details of the committee's studies so far and the proposal of engineers to make studies and drawings in connection with the proposed pool. A \$500 amount for the engineering work was authorized by borough council at its meeting this month.

SITE DISCUSSED

Preparatory to attendance at the committee meeting, the board went over the map of the Recreation Park and determined on a proposed site for the swimming pool which the board will recommend to the committee and to council. The board chose a spot atop the ridge to the west of the present parking lot off Queen St.

Various reasons were forwarded for the proposed site. Preliminary suggestions had been made by the committee that the pool be located in the area near the intersection of Long Lane and Breckenridge St.

A study of the map of the lot showed that if a pool were placed there, space for the pool and adjoining parking area would force the removal of at least the baseball field nearest Breckenridge St. and possibly would force removal of the softball diamond with its lights.

CITE REASONS

Another complicating factor, according to the discussion, is the Gettysburg borough sewer line which cuts across the field at that spot. Removal of the two ball diamonds to other locations would cost \$1,000 or more, according to the discussion.

The board gave three reasons for the site it prefers: It would not cause any removal of any existing facility; it would not

PRESBYTERIAN MEETING HELD

A number of officials were elected Monday evening at the Gettysburg Presbyterian Church.

E. Donald Scott was re-elected as an elder for a three-year term. Paul W. Grove and Lt. Gen. Willard S. Paul were elected elders for three-year terms.

Thomas E. Piper and Levi Spangler were re-elected deacons and Mrs. W. L. Johnson was elected as a new member of the deacons group. All were named for three-year terms.

W. C. Varian Jr. was elected assistant chairman of the "Every Member Canvas." Dr. C. Harold Johnson as chairman of the budget committee presented the report for that group. Rev. Robert MacAskill, pastor of the church, presided at the congregational meeting.

Following the congregational session, a meeting of the corporation was held with Dr. James D. Sheen, president of the trustees, presiding.

Elected as trustees for three-year terms were Carl W. Ruby, Dr. Sheen and Paul G. Witt. Witt and Dr. Sheen were re-elected. Paul R. Baird was re-elected church treasurer.

The new officers will be installed at the worship service Sunday, February 2.

Serving Dutch buffet every Thursday.

PRINCIPALS LAUD SCHOOL CAFETERIAS

Gettysburg school principals rallied to the support of the school cafeterias and their staffs at the January school board meeting Monday evening in answer to complaints reported by some directors a month ago about the quality and the quantity of the food served.

First was to speak up was Richard A. Folkenroth, elementary coordinator, who told the directors some of the cafeteria staff had been "very angry" about the complaints voiced last month. Mr. Folkenroth said that on most school days he eats lunch at one of the three grade school cafeterias and finds the food "very satisfactory." He said there is "nothing wrong with the food" but pointed out it is sometimes difficult to please everyone when so many are being served.

The board gave three reasons for the site it prefers: It would not cause any removal of any existing facility; it would not

Woman Balloonist Found Dead 25 Miles Due East From Takeoff Saturday

By ROBERT COOKE

NORTH BEACH, Calif. (AP)—Barbara Keith, the flying grandmother who died at sea during the first Catalina Channel hot air balloon race, was named "the first lady of hot air ballooning" as plans were laid for next year's race.

After surveying the students . . . are satisfied with the condition that exists. Some of our students freely tell me this is the only hot meal and their best of the day.

He then publicly commended Mrs. Alice Lower, the cafeteria manager, and her staff for their "fine service" and "their regard for the students' health and physical well being." He added that the teachers and staff enjoy the "food and extra service" supplied by Mrs. Lower and her staff.

He estimated the balloon fell into the sea about 6:15 p.m. Saturday, and said the time of death was probably 2 a.m. Sunday, almost eight hours later.

Members of the California Balloon Club, however, were un-

BULLETINS

DALLAS (AP) — Jack Ruby cried today about the assassination of President Kennedy and said he was "more remorseful than angry" when he killed accused assassin Lee Harvey Os- wald.

Ruby broke into tears when newsmen asked him how he felt about the assassination. The questioning was permitted at the defense table just before Ruby's bond hearing was resumed.

PHILADELPHIA (AP) — Jerry Wolman was approved Tuesday as the new owner of the Philadelphia Eagles of the National Football League and immediately dropped Coach Nick Skorich. "We will make a coaching change," Wolman told a news conference.

Wolman admitted he already had contacted three former pro coaches, including Joe Kuharich, former Washington Redskins coach and presently an assistant to NFL Commissioner Pete Rozelle, and Paul Brown, the famed ex-coach of the Cleveland Browns.

LONDON (AP) — Britain rushed nearly 2,000 troops and an aircraft carrier to Tanganyika's borders today but the situation in the new African nation appeared to be calming following an army mutiny.

A brief Associated Press dispatch from Dar es Salaam, the Tanganyikan capital, said a government information officer had announced that President Julius Nyerere was safe and would broadcast to the nation to-

days. He joined the accounting department in 1930 after graduating from Gettysburg High School in the class of 1926. Later he served for a time as assistant to the late president of the company, C. H. Musselman. He was named procurement director 10 years ago.

NEW OFFICIALS MAKE REPORT ON FUEL TAX

The Adams County commissioners this morning completed the semiannual report to the state on the balance of the liquid fuel fund and learned they started the year with a balance of \$43,761.61, of which \$25,000 has been encumbered by various items, such as money set aside for road damages, completion of bridges, etc.

The new commissioners' clerk, Clyde Allison, who began his duties Monday, was serving as secretary for the meeting for the first time this morning. Retiring Commissioners' Clerk Jacob G. Apper presented the commissioners with the four-page report required by the state semiannual concerning the status of the liquid fuel fund and outlined step by step the items to be placed under the various heading and account numbers. He explained that, when county aid appropriations and amounts for bridge and damages are established, that amount is "encumbered" or set aside, so that the money will be available when it is to be paid. The forms, in addition to listing the amounts already paid, also list the amounts "encumbered" to pay off the remainder due.

SPENT \$97,421

The report showed the county during the last half of 1963 started with a balance of \$45,724.41 in the liquid fuel fund, received \$93,871.13 from the state, and had income of \$1,588.12 from certificates of deposit at the Bendersville and Biglerville banks, for a total income of \$141,183.66.

Expenditures totaled \$97,421.97 of which \$37,726.78 went in county aid to the boroughs and townships. The remainder went for bridges, both new construction and repairs, payment of boards of view and damages.

Most of the expenditures from the fund come in the last half of the year because the actual payments are made after work is completed — including the county aid amounts. With the expected state payments, the county should again have \$90,000 to \$100,000 in income for the liquid fuel fund during the year.

ADD TO STAFF

Mrs. John F. Bushy, Bonneaville, was hired to work in the assessor's office, although the commissioners explained that during the present "rush" to complete various work she would probably be "working in various phases of the commissioners' office work. Her salary was set at \$3,120 a year.

Cumberland Twp. supervisors met with the commissioners to explain plans to improve the road running from the John Eisenhowers property to the Fairfield Rd. and asked county help in bridge construction in connection with the proposed improvements. No immediate action was taken by the commissioners although they indicated that the county will possibly make some donation toward the work when it gets underway.

A meeting of the South Central County Commissioners' Association scheduled to be held Monday at Huntingdon was cancelled because of the bad weather, the commissioners reported.

K. S. ALWINE

(Continued From Page 1) York; Gail Y., at home, and Karen L., also at home. His father and eight brothers and sisters also survive: Arthur, Spring Grove; Mrs. Ethel M. Bean, New Oxford; Philip B., New Oxford; David B., New Oxford; Ralph M., New Oxford; Mrs. Keith E. Swigart, Hanover; Mrs. Aubrey Merchant, Lebanon, and Mrs. Elmer Keller Jr., Greencastle. There are four grandchildren.

Funeral services Thursday at 2 o'clock from St. Paul's Lutheran Church, Biglerville, with the Rev. Norman Wilson, his pastor, officiating. Interment will be made in the Biglerville Cemetery. Friends may call Wednesday evening after 7 o'clock at the Bender Funeral Home here. The body will lie in state at the church from 12:30 p.m. until the time of the service on Thursday.

In lieu of flowers the family has asked that donations be made to the Adams County heart fund. The Feiser Funeral Home of New Oxford is in charge of arrangements.

Johnson Offers 5-Point Program On Nuclear Pieces

WASHINGTON (AP)—President Johnson proposed today that Russia and the United States "explore a verified freeze of the number and characteristics" of strategic nuclear vehicles.

Johnson laid a five-point program of possible agreement before the 17-nation Geneva disarmament conference as it resumed sessions after a break of several months.

In ordinary terminology of disarmament experts a "verified freeze" would mean an agreed limitation on the size of nuclear forces and on the types of weapons, with the agreement to be guaranteed by inspection in the participating countries.

REISTRIAL POSTPONED

POTTSVILLE, Pa. (AP) — The second trial of Lillian Reis, Philadelphia night club entertainer, on a charge of planning a 1959 safe burglary was postponed indefinitely today because psychiatrists said she was not mentally capable of defending herself.

Miss Reis, who once owned a club in which she danced in the chorus line, had been scheduled to go on trial last Thursday in Schuylkill County Common Pleas Court. But 10 hours earlier she voluntarily entered a private hospital.

Judge Charles W. Staudenmeier studied the reports of two doctors—one caring personally for Miss Reis and the other engaged by Dist. Atty. Harry W. Lightstone.

NOT OPPOSED

He refused to make the complete reports public but read some portions in the courtroom before granting a defense motion for continuance.

Lightstone didn't oppose pointing out that Miss Reis apparently is not ready for trial.

Dr. Abraham M. Ornstein, emeritus professor of neurology at the University of Pennsylvania, told the judge that Miss Reis is suffering from psychoneurosis . . . needs rest and psychiatric therapy."

Dr. Aaron W. Mallin, the defendant's psychiatrist, said she suffers from "severe depression and character disorder . . . and is mentally incapable of preparing herself for trial."

Blame Two Mishaps On Slippery Streets

Slippery streets Monday afternoon led to two minor accidents, according to the borough police report sheet.

Dr. John Beagle reported to borough police at 1:30 Monday afternoon that while he was driving on W. High St. his car skidded into a park vehicle causing about \$50 damage to Dr. Beagle's vehicle and \$25 to the parked vehicle.

The police report showed the license number reported to them by Dr. Beagle indicated the car was owned by T. U. Leatherman, Gettysburg R. 2.

At 3:45 Mrs. Robert Bruce, 233 Chambersburg St., reported her car had skidded into a parked vehicle on Baltimore St. Police listed the license number of the other vehicle, but apparently had not as yet received the names of the owner of the vehicle.

Panama Airlift Concludes Today

CHARLESTON, S.C. (AP)—

An airlift of American dependents from Panama ended Monday with the arrival of 14 evacuees, raising to 1,088 the number of persons brought here since last Wednesday.

The Air Force said 29 other dependents are due here today aboard a commercial airliner.

About 150 dependents were to leave Panama today aboard the trooper ship Ursus, probably for Brooklyn, N.Y., and 40 others are to go to New Orleans aboard the trooper Cristobal.

At 3:45 Mrs. Robert Bruce, 233 Chambersburg St., reported her car had skidded into a parked vehicle on Baltimore St. Police listed the license number of the other vehicle, but apparently had not as yet received the names of the owner of the vehicle.

Scout Troop 79 Meets On Monday

Plans for a new meeting pro-

cedure starting February 3 were outlined Monday evening at the meeting of Boy Scout Troop 79 at St. James Lutheran Church.

Scoutmaster Allen Dubbs was in charge with 30 of the 38 mem-

bers present.

A board of review conducted

by Chairman Kermit Sternar

assisted by William Gallagher,

James Hayes Sr. and Walter

Powell, was held with James

Hayes Jr. advancing to second

class and Edward Paris and

Michael Street passing the ten-

derfoot requirements.

Wilbur Rudisill, chairman of

the hanger sales, reported only

48 clothes hangers yet to be sold.

The next meeting of the troop

will be held Monday evening at

6:45 o'clock at the Scout room in St. James Church.

SURGEON IS SPEAKER FOR PARISH WOMEN

For the monthly meeting of the Parish Council of Catholic Women of Annunciation of the Blessed Virgin Mary Church, McSherrystown, Sunday evening in the school auditorium, approximately 225 attended to hear Dr. W. Todd DeVan, staff surgeon at the Hanover Hospital, speak on "Prevention of Uterine Cancer" followed by a question and answer period.

Prior to Dr. DeVan's talk, a film "Time and Two Women" was shown by Mrs. Henrietta Blocher, executive director, Adams County Cancer Society, assisted by Mrs. Bucher, Mrs. Blocher explained the work of the society and the services available to the public.

Guests from St. Joseph's and St. Vincent's, Hanover; Sacred Heart, Cennewago; St. Joseph's, Bonneauville, and Immaculate Conception Parish, New Oxford, participated in the meeting.

RECOLLECTION DAY

The president, Mrs. Jean B. Noel, presided. Rt. Rev. Msgr. Patrick F. McGee, spiritual moderator of the council, welcomed the guests. The report of the secretary, Mrs. Rosalyn Asper, and the treasurer's statement by Mrs. Donald Noel were read.

Mrs. Loyola Krepps, vice president, read excerpts from letters of the diocesan and deanery presidents. Thirty visits to the sick and 10 Rosaries at wakes were recorded.

Mrs. Richard Conrad, spiritual development chairman, reported that Sunday, February 16, will be the date for the annual Day of Recollection to be held at St. Joseph's Academy. The Rev. William E. Roberts, a Jesuit, will be the retreat master. The day will begin with Mass at 9 a.m. and close with Holy Hour at 3:30 p.m. Breakfast will be served at 10 a.m. Reservations should be made with Mrs. Conrad no later than February 9.

MEET NEXT IN MARCH

Mrs. Joseph Price, vice chairman, family-parent education committee, reported that the annual school visitation day will be February 23. Parents will visit the teachers of their children from 1 to 5 p.m. Following the visits, refreshments will be served in the auditorium. In conjunction with this day, Catholic Book Month will be observed. Miss Charlotte Hagerman, chairman, libraries and literature, reported that a poster contest will be held. Final entries must be in by February 14. Posters will be judged and prizes awarded February 23.

Mrs. Eugene Wagner, chairman, inter-American international relations, requested old Christmas cards. A project of this committee is to make them into Spanish prayer cards to send to South American missions.

There will be no meeting for February. The next monthly meeting will be March 15. The following committees will be in charge: Family parent education, Mrs. Ira Brown; Mrs. Joseph Price, Mrs. Alma Fritz; libraries and literature, Miss Charlotte Hagerman; Mrs. Edward deCheubell; public relations, Mrs. Maurice Stern and Mrs. Lester Bowman.

School Menus

Wednesday, pork and sauerkraut, whipped potatoes and baked apples.

Thursday, creamed chicken on buttered noodles, Harvard beets, lime jello and pear salad.

Friday, grilled cheese sandwich, cream of tomato soup, celery and carrot sticks and peach pie.

"A BAD DISEASE"

We must avoid self-pity . . . if we are to succeed . . . self-pity is a malady . . . that causes hearts to bleed . . . when people ponder on themselves . . . too much or too long . . . they will seldom ever get . . . to sing a happy song . . . self-pity is contagious . . . in that it fosters grief . . . those close to its victim . . . seldom know relief . . . one way to overcome it . . . is living for another . . . those who work for someone else . . . send self-pity to cover . . . forgetting one's self is hard to do . . . of this I am quite sure . . . but it is the only way . . . we can long endure . . . so we must go forward . . . helping those in need . . . self-pity is a bad disease . . . but love can kill the seed.

LOCAL MAN WED IN GERMANY

The recent wedding of James W. Reed, son of Mr. and Mrs. J. Thomas Reed, R. 6, and Miss Gisela E. Bauer, daughter of Mr. and Mrs. Kurt Bauer, Ramstein, Germany, has been announced.

STATE PTA SESSIONS TO BE HELD HERE

The 1964 summer leadership session of Pennsylvania Congress of Parents and Teachers will be held July 12-15 at Gettysburg College, it was announced Monday by Oscar L. Lingle of Harrisburg, state PTA president.

Plans for the session will be started Feb. 7 at a meeting of the congress leadership education committee in Harrisburg in the state PTA office. Members of the committee are:

Mrs. E. S. Smith, Pottstown, first vice president of the congress and director of leadership education; Mrs. Robert E. Reynolds, Williamsport, state chairman, program service; and Mrs. Harold G. Moore, Westley, state chairman, cooperation with colleges and immediate past president of the congress.

Lingle said Monday that recent session attendance indicates that 1,000 PTA leaders will be registered at Gettysburg in July from all parts of the state.

Lingle also announced appointment of the following members of the Congress Program Service Committee: Mrs. Fred Rudy, Harrisburg; Mrs. James Bond, Brockway, and Mrs. William Kimmings, Coraopolis, with Mrs. Robert E. Reynolds, chairman.

County Pupils Are Shown Safety Film

Trooper Andrew G. Hovarth, safety education officer of the Pennsylvania State Police, has completed a scheduled program prepared by the county school office of a safety picture schedule and demonstration which was given to all elementary and high school pupils in both the public and parochial schools with the exception of the New Oxford public schools. The New Oxford showing was cancelled by last week's snowstorm. The county office will try to reschedule New Oxford later.

Trooper Hovarth urged pupils to obey traffic regulations and to practice safety at all times. A movie entitled "School Bus Patrol" depicted a daily trip of a school bus. The many problems of loading, discharging passengers, behavior on bus and organization of school bus patrols and their duties as well as duties of parents in instructing their children were reviewed.

ADVERTISE IN THE TIMES

The double-ring ceremony was performed in the chapel at Ramstein Air Force Base, Germany, where Mr. Reed recently received his discharge after completing a four-year tour of duty with the U.S. Air Force.

Miss Ursula Hemmer, Ramstein, served as the bride's maid of honor, and Airman Richard Reed, Ramstein Air Force Base, a friend of the groom, was best man.

The bride wore a street-length gown of white lace over taffeta with a scalloped neckline and wrist-length sleeves. A matching tiara held her shoulder-length red hair.

Chips Are Down For CHS And Canners In Crucial BML Tilt At Biglerville

All scholastic basketball tonight pales in comparison to the Gettysburg-Biglerville game on the Cannons' floor which will unquestionably pack the Biglerville gymnasium as never before.

Tonight's battle may settle the first half championship of the Blue Mountain League, the first half ending with four games this evening, all of which were postponed from last Tuesday due to the snow storm.

Coach Merrill Eckhart's undefeated Warriors are 8-0 in the league and can clinch the title with a victory. Dan Bushman's Cannons are one game back of Gettysburg with a 7-1 mark and can knot the race via a triumph which would mean a playoff.

Even though Biglerville loses it will be involved in a playoff. A Canner loss would put it in a tie with East Pennsboro for second place and those teams would then meet for the Class B first half title.

Two long winning streaks are also at stake this evening. The Warriors have won nine straight overall while Biglerville has won seven consecutive league victories after losing its opener to East Pennsboro.

From almost every angle the game shapes up as toss-up and should be a hotly contested affair until the final whistle.

STARTING LINEUPS

Coach Bushman will probably go with his regular starting group, Bob Garretson, one of the league's top scorers and rebounders. Bob Bream, Rodney Guise, Don Stauffer and Jim Taylor.

The Warriors will also make no changes with the opening array including Bob Deitz, Dick Finkboner, K.K. Richardson, Rad Schultz, Eddie Tilberg or Mike Flynn.

Opening the program will be the 8:45 affair between the junior varsities.

Other league games include Northern at Big Spring, Susquehanna at Newport, and Shippensburg at Boiling Springs.

A-F CONTESTS

Three Adams Division teams of the Adams-Franklin League are scheduled tonight. New Oxford having an open date.

Littlestown (2-4) will be host to unbeaten Greencastle (6-0); Bermudian Springs (4-1), with an opportunity of tying New Oxford for the Adams Division lead, is at James Buchanan (5-1), and Fairfield (6-6) plays at Scotland (3-3).

DELONE AT YORK

Delone Catholic faces a tough assignment when they meet once-beaten York Catholic at York in a Central Penn Catholic League game. The Squires are 5-5 overall and 1-1 in the league. York is 11-1 and 2-1 in the circuit.

The other CPCL tilts are Lancaster at Lebanon, and Bishop McDevitt at Shamokin Lourdes.

Truck And Tractor Collide; Man Killed

PHILIPSBURG, Pa. (AP)—An elderly Blair County man was injured fatally Monday when his pickup truck collided head-on with a tractor trailer truck on Route 350 about 11 miles south of here in Centre County. He was Samuel E. Williams, 72, of Tyrone R. 3.

State police said the other trucker, Matthew B. Peterini Jr., 29, of Weedsdale R. 2, Elk County, escaped injury. They said Peterini's truck crossed onto the highway and crossed into the wrong lane.

Will Not Rescind "Whipping" Order

WILMINGTON, Del. (AP)—A Delaware judge has refused to set aside the whipping he ordered for Talmadge R. Balser, 41, and said he has been criticized for reducing the number of lashes.

Balser was sentenced to 25 years and 20 lashes, but Superior Judge Stewart R. Lynch reduced the penalty two weeks ago to 15 years and 10 lashes.

Judge Lynch denied defense attorney Edward W. Schall's motion to set aside or reduce the sentence Monday.

Balser was convicted or robbery charges.

Schall said he would appeal and ask a stay of the lashing, scheduled for Jan. 28.

PHILADELPHIA (AP)—Smith, Kline and French Laboratories, a pharmaceutical firm, reports it set records for sales and earnings in 1983.

The firm said Monday preliminary figures showed sales last year at \$202,275,000, compared with \$180,164,924 the year before, about a 12 per cent boost.

Earnings were \$33,911,000, or about \$2.32 a share in 1983, compared with \$30,528,351 in 1982.

New Oxford Tops Bigler Dribblers

The New Oxford Seventh and Eighth Grade basketball team beat Biglerville on the latter's floor Monday 52-12 as 13 players scored for the winners.

From April 13, when the Cincinnati Reds play their home opener, until the season ends Oct. 4, a total of 438 games have been scheduled under the lights. Postponements and make-up games raised last year's total to 223.

MORE GAMES UNDER LIGHTS FOR NL IN '64

CINCINNATI (AP) — There are still more night games ahead in the 1984 National League baseball season.

From April 13, when the Cincinnati Reds play their home opener, until the season ends Oct. 4, a total of 438 games have been scheduled under the lights. Postponements and make-up games raised last year's total to 223.

Since Cincinnati was the home of the first professional baseball team, the Reds always open the season at home and they'll be in action a day ahead of all other clubs this year—meeting Houston. The other clubs start playing the next day, with Los Angeles entertaining St. Louis and New York at Philadelphia, Chicago at Pittsburgh and Milwaukee at San Francisco.

OPEN AT NIGHT

Philadelphia and Los Angeles will open their seasons under the lights, and so will Houston, which plays its first home game April 16 against Milwaukee. Almost all the "Colts'" home game—a total of 77—will be at night.

The Mets will play their season opener—and first game at Flushing meadows—on April 17 against Milwaukee, and the Chicago Cubs are to host Philadelphia for their first home game the same day.

Milwaukee and St. Louis will be the last teams to have their "second openers." The Braves will host San Francisco and the Cardinals, Los Angeles on April 22.

WAKE FOREST AND LOYOLA ARE UPSET

By BOB GREEN

Associated Press Sports Writer

Seat belts are regarded as a safety device. So is so-called safe scheduling for college basketball teams. Sometimes, however, there are nights when nothing works.

Like Monday night. A seat belt failed to help Wake Forest and a safe schedule failed to help national champion Chicago Loyola. Each was the victim of a shocking upset.

Loyola, ranked third in the nation and winner of 11 and 12 starts, supposedly had a safe schedule in its trip to Memphis State, which had only an 8-6 record. Memphis State won 83-65.

LIGHT SCHEDULE

And Wake Forest Coach Bones McKinney, known for his jumping, shouting and pacing on the sidelines, decided to strap himself to the bench with a car seat safety belt when his Deacons played Maryland at Winston-Salem, N.C. Maryland won 91-82.

Those were the only two major college games scheduled Monday. Many of the nation's basketball teams are taking a break for semester examinations.

Only two are scheduled tonight. Those include Minnesota's visit to second-ranked Michigan in a vital Big Ten game and Purdue vs. Notre Dame at Fort Wayne, Ind.

JOHNSON SIGNS

PHILADELPHIA (AP)—Outfielder Alex Johnson, 21, has signed a 1984 contract with the Philadelphia Phillies. He played last season with the Phils' Twin Owls club in the Class A Pioneer League.

NEW ORLEANS (AP)—Hur

To Market, the big colt who won laurels as the nation's top 2-year-old in 1983, has been pulled out of the Kentucky Derby because of a hoof injury.

Trainer Dave Erb said Monday that barring a miracle, Hurry To Market may be away for at least six months.

Navy blimps escorted 80,000 surface vessels during World War II without loss to enemy submarines.

Earnings were \$33,911,000, or about \$2.32 a share in 1983, compared with \$30,528,351 in 1982.

RUSS HOCKEY TEAM PICKED TO WIN MEDAL

By JOHN JACKSON

INNSBRUCK, Austria (AP)—

With eight days to go before the Jan. 29 opening of the Winter Olympics one thing seems certain—Russia should have no trouble collecting the gold medal in hockey.

The names of Czechoslovakia, Sweden, the United States and Canada are being bandied around by local hockey experts but all agree Russia is the team to beat.

The USSR squad is the reigning world champions. This winter the Russians completed a highly successful tour of the U.S. and Canada, and swept all before them in Europe.

The top hockey teams have yet to arrive in Innsbruck but the Olympic Village is rapidly filling with other competitors.

All the bobsled squads have arrived and today will have their second training runs on the Olympic course at Igls.

Monday's two-man times were fast and only the United States had a mishap.

John Handley, 40, an ex-Marine from Malone, N.Y., fell from a sled piloted by Charles McDonald, 31, also from Malone. He was not hurt and will take part in the four-man run today.

SKI JUMP TESTS

At Seefeld the Nordic cross country and ski jump teams from Switzerland, West Germany and Russia are expected to have their first test of the course. East Germany, Finland and some of the Russian women already have tried out the course.

Last to arrive will be the skiers who have decided to stay with the snow in Italy and other European ski resorts, rather than risk restricted training in Innsbruck.

No Decision On Railroad Merger

HARRISBURG (AP)—Officials of the Scranton administration plan another meeting at an undetermined date to discuss what position to take on the proposed merger of the New York Central and Pennsylvania Railroads.

The group met Monday but Atty. Gen. Walter E. Alessandrini said "no conclusion" was reached.

The administration has been studying the proposal almost a year. The administration of former Gov. David L. Lawrence went on record in opposition to the merger.

Meeting with the governor were Alessandrini, Budget Secretary Martin H. Brackbill, Commerce Secretary John K. Tabor, Highway Secretary Henry D. Harri and Secretary of the Administration John Ingram.

EDWARDS IS AMONG 19 TO SIGN TO PLAY

By MIKE RATHET

Associated Press Sports Writer

Cincinnati's Johnny Edwards, the busiest catcher in the major leagues last year and the only player benched by an umpire, is the first member of the Reds to sign his 1984 baseball contract.

Edwards, a 25-year-old left-handed batter who has improved in each of his three years in the majors, caught 148 games last season and led the National League with 1,101 total chances, 1,008 putouts and probably the most embarrassing incident of the season.

That came at the All-Star game in Cleveland, where Edwards became conspicuous by his presence.

TOSSED OUT QUICKLY

Ed Bailey had started behind the plate for the National Leaguers, and in the bottom of the third inning, Manager Al Dark decided to make a switch. In went Edwards. And out he came, just as promptly. Then Dark came out of the dugout. And Bailey went into the game.

Umpire Hank Soar explained to Dark that all starters, except pitchers, must play at least the first three innings.

Besides, Edwards, 18 other players signed Monday—the Los Angeles Dodgers again No. 1 on a quantity basis with seven. Agreeing to terms with the world champions were infielders Dick Tracewski and Derrel Griffith, pitchers Nick Willhite, Ken Rowe, Norm Koch and Larry Stabb and first baseman-outfielder Wes Parker.

**Case History Of A Bachelor
What Are Your Chances?**

By JEAN WILSON

The Associated Press
Approximately 1.6 million persons will marry this year. Will one be you?

This depends, according to statistics, on whether you are the right age, working at the right occupation in the right part of the country.

Although 9 out of 10 persons marry before age 32, the most popular marrying age for women is 23. If you are a singleton between 23 or 24, you have one chance in five of catching a man this year.

At aged 30 you have a fifty-fifty opportunity, but if you are more than 40, you have only one chance in five.

MOST REMARRY

Three-fourths of all divorced persons remarry within five years. The same holds true for widows in the 30 to 40 age group, but their chances drop sharply with each passing decade—much more so than for divorced women.

While the average marrying age is 22 for men (and 20 for women) the largest number of men pop the question between the ages of 26 and 27. If he is between 25 and 28, there is better than one chance in six that he will tie the marital knot with some lass within the year. (Let it be you.)

On the other hand, if he is over 30, there is less than three chances in four he will go the marriage route. And if he is over 40 you have a slim one chance in three of hooking him. (So ask him how old he is.)

WHICH WAY TO TURN

Whether you are the lucky statistic who elbows out the competition hinges to a large extent on your being where the boys are—and that's not necessarily Fort Lauderdale, Fla.

Nearly one third of America's as yet unencumbered males seem to flock to the big cities in the states of New York, California, Pennsylvania, and Illinois. Each state has a million and more stags within its boundaries. Unfortunately a similar proportion of unmarried women wisely aggregate in these areas, too. However, wife material is in short supply in the Western states, and Hawaii and Alaska. (Please note that Alaska has four unmarried males to every unmarried female.)

Experienced man-hunters steer clear of big cities. Washington, Miami and Los Angeles, where, because of the dearth of escorts, few men are too young or too old, or too ugly. The shrewd female also avoids small towns where the turnover is never and fresh stock seldom.

The woman with no other career in mind than wifery chooses her preliminary occupation with care. She bears in mind that air line hostesses, nurses and office workers, waitresses nearly always get their man. School teachers cut themselves off from the supply line.

Jobholders, such as beauty operators, servicing females only must count on after hours contacts to meet men.

With each year of education beyond the high school level, a girl's marriage opportunities lessen, but so do her chances of divorce when she finally does snag a man. And to get a PH.D. without a M.R.S. first is very risky.

Naturally, the best occupations from a man-hunt standpoint are those made up almost entirely of men. For example, Irma Lee Emerson, past 30, gave herself the benefit of the odds by taking a cooking job in a logging camp. She not only hooked a man but wrote a successful book about it (*The Woods Were Full of Men*).

Men seem loathe to woo professional women, i.e., the executive types in their own fields, because of that old bugaboo, competition.

Obviously, the ideal situation is to be 23 in an occupation among 27 and 28-year-old males, ministering to their comfort; or making their own job performance look better—not competing against them.

Since you can't join the Army or Navy without being cloistered with your own sex, you might try something like being a coffee girl in a coal mine.

Blaze Destroys Knitting Mill

LANCASTER, Pa. (AP)—Damage has been estimated at between \$500,000 and \$1 million in a fire which destroyed the Cinderella Knitting Mills, Inc., plant in nearby Reamstown Sunday.

No one was injured in the blaze, which was fought by some 200 volunteer firemen from nine companies through the day.

Only the stone and cement block walls were left standing. Rotherman Wise, president of the knitting mills, said the company would rebuild on the same spot.

The predawn fire broke out after a night watchman, Granville Martin, of Ephrata, had discovered a ruptured water pipe in the boiler room. He phoned plant officials and returned to find the boiler room ablaze.

**SAY AMERICAN WOMEN OKAY LOW NECKLINE**

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP)—To plunge or not to plunge—that appears to be the fashion question of 1964.

Dior of Paris and some British designers first came out with low, low necklines for evening wear and last week the new Italian fashions did the same. Decolletage is sweeping the European social scene, and New York socialites have been wearing gowns cut "way down to here."

This is nothing new, necklines having risen and fallen with the fashion tides since prehistoric times. But will American women go along with the new eye-

cents in coin and a long, self-addressed, stamped envelope.

©1964 Publishers Newspaper Syndicate

opening designs? Judging from opinions of some Hollywood notables, the answer is yes.

HUSBAND TROUBLE

Their comments:

Sandra Dee—"Personally, I like the plunging neckline, if it is done in good taste. I once had a dress made for me with a neckline that went to the waist—yet it wasn't offensive because there was no cleavage. My only problem with such dresses is that my husband—Bobby Darin—won't let me wear them."

Bette Davis—"Changes in style don't affect me because I've worn the same basic clothes for 30 years. But I think low necklines can look very attractive on women who have the proper figures. That means young women, but I don't think girls should start too early. How can parents blame a boy for making advances when their daughter appears half-naked?"

CALLED MARVELOUS

Natalie Wood—"I think the new necklines are marvelous. I've been wearing them for some time. I guess they'll be seen in movies now."

Shelley Winters—"I'm for anything the Paris designers do to make women look like women again. They've been trying to make us look like boys for too long."

Donna Reed—"Oh, dear. For the past two years we women have had it easy—one bra would do for everything. Now we'll have to get two or three or more. And we will."

Debbie Reynolds—"I get chilled easily, so I'm not wild for decollete myself. I think it's all right for girls with marvelous figures, but if you're the kind who has to give nature some assistance—forget it."

Six Frenchmen Arrive In Peking

TOKYO (AP)—Six members of the French National Assembly arrived in Peking Sunday to study the possibilities of economic and cultural agreements between France and Communist China.

The group, which represents a cross-section of French political opinion, went with the blessing of President Charles de Gaulle.

De Gaulle's government has notified the United States it plans to recognize the Peking regime. Francois Benard, leader of the parliamentary delegation, told newsmen he would

not be surprised if the recognition was extended during their trip.

On this date:
In 1793, King Louis XVI of France was beheaded.

In 1922, death came to the builder of the Panama Canal, Maj. Gen. George Goethals.

SUICIDE PLANS

In 1945, Japanese suicide planes bombed the U.S. aircraft carrier *Iciconderoga* during World War II, killing 144 and injuring 193 crewmen.

In 1949, Dean Acheson was sworn in as U.S. secretary of state succeeding Gen. George C. Marshall who resigned.

Ten years ago—America's first atomic submarine—the USS *Nautilus*—was launched at Groton, Conn.

Five years ago—Pioneer motion picture producer Cecil B. DeMille died in Hollywood at the age of 77.

One year ago—United Nations forces completed the conquest of Katanga Province in the Congo.

You'll shorten the stirring time if, when you make a soft custard sauce you heat the milk before combining it with the eggs and sugar.

TODAY**In History**

By THE ASSOCIATED PRESS

Today is Tuesday, Jan. 21, 1964. There are 345 days left in the year.

Today's highlight in history: On this date in 1892, the United States demanded an apology, certain reparations and indemnities from the Chilean government for an assault on U.S. sailors in the streets of Valparaiso. Goodwill and cool-headedness on both sides quickly settled an international crisis which might have led to war.

Harry Kuhn (left), owner of Lincoln Motor Lodge, is shown accepting the first "All-Electric Building Award" presented in this area. The bronze and walnut plaque is presented by electric utilities in recognition of progressive planning where the all-electric concept is incorporated in modern building design." Making the presentation for the Metropolitan Edison Company is William A. Lentz, district manager.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — It was three years Monday since President John F. Kennedy took office. It is almost two months since he died. Nothing basic has changed in the three years or two months. But there have been changes.

Kennedy had no illusions about the future. In his inaugural talk on that cold, bright, windy Jan. 20, 1961, he said the problems facing the nation might not be solved "in our

lifetime."

Few were solved in his. Yet, he gave the country a sense of life, of youth, of bustle, which it needed. And he gave it a sense of hope, vague as might have been. If he had lived, the record might have been shining.

UNFINISHED BUSINESS

Relations with an old foe, the Soviet Union are better; with an old friend, France, worse. The economy is in far better shape. But racial tensions increased until possible explosions lie below the surface of American life.

He signed a nuclear test-ban treaty. His attitude changed. He became more friendly. It was Kennedy who made this possible by refraining from belligerency. This was one of his great achievements.

But other forces were working to take some of the belligerency out of Khrushchev's attitude toward the West: His economy was in trouble, he needed wheat; and Soviet-Red Chinese relations crashed. In Kennedy's short presidency the Soviet Union definitely lost dominion over the Communist world.

French President Charles de Gaulle became increasingly troublesome and obstinate but no doubt he would have been that way with any president, as he just showed. With President Johnson in the White House, De Gaulle is now going to recognize Red China, which this country had hoped he wouldn't.

Kennedy clearly adopted Eisenhower's placid and very often ineffectual technique of trying to avoid disputes at home, particularly with Congress. As a result, Kennedy fought far less fiercely for his programs than he might have. As a result, Congress treated him pretty coolly.

Some of last year's racial explosions might have been avoided if Kennedy had done more fighting with Congress, specifically if he had proposed and insisted upon a strong civil rights program.

Instead, it was the explosions themselves that forced him into offering such a program. Now it's Johnson's baby. It remains to be seen how hard he'll fight for it.

In the long run the most significant change may have been in the attitude of the Soviet Union.

"A government that is strong,

a government that is solvent, a government that is compassionate is the kind of government that endures."

He pledged that, despite military and nuclear cutbacks in spending—

"This budget safeguards the peace by providing for the further strengthening of the most formidable defense establishment the world has ever known."

Spurred by tax cuts, national output this year will soar by nearly \$40 billion to a surprising record total of about \$623 billion, the President predicted, generating higher revenues despite the lower tax rates.

So federal income will climb by \$4.6 billion in the coming fiscal year to \$93 billion, while government spending is

squeezed down by \$500 million to \$97.9 billion for the second budget cut in nine years.

ion. Kennedy must get great credit for that, but not all. Two other factors were Red China and the depressed Russian economy.

The Russians are still an antagonist. But in the strange chemistry of history they may have undergone a shift in thinking which is not yet fully apparent but may turn out to be profound.

When Kennedy took office Premier Khrushchev was still seething at President Dwight D. Eisenhower, although this may have been an act he felt he had to put on, because of the American plane shot down over the Soviet Union in 1960.

Khrushchev must have mistaken Kennedy for a boy on a man's errand. He pushed his luck. His luck ran out. He threw up the Berlin wall. Kennedy instantly enlarged the American forces.

SIGNED TREATY

Khrushchev broke a voluntary nuclear test ban and resumed testing. Kennedy did the same. Khrushchev then tried his biggest push, putting missiles in Cuba. Kennedy forced him back down. Khrushchev charged.

He signed a nuclear test-ban treaty. His attitude changed. He became more friendly. It was Kennedy who made this possible by refraining from belligerency. This was one of his great achievements.

But other forces were working to take some of the belligerency out of Khrushchev's attitude toward the West: His economy was in trouble, he needed wheat; and Soviet-Red Chinese relations crashed. In Kennedy's short presidency the Soviet Union definitely lost dominion over the Communist world.

French President Charles de Gaulle became increasingly troublesome and obstinate but no doubt he would have been that way with any president, as he just showed. With President Johnson in the White House, De Gaulle is now going to recognize Red China, which this country had hoped he wouldn't.

Kennedy clearly adopted Eisenhower's placid and very often ineffectual technique of trying to avoid disputes at home, particularly with Congress. As a result, Kennedy fought far less fiercely for his programs than he might have. As a result, Congress treated him pretty coolly.

Some of last year's racial explosions might have been avoided if Kennedy had done more fighting with Congress, specifically if he had proposed and insisted upon a strong civil rights program.

Instead, it was the explosions themselves that forced him into offering such a program. Now it's Johnson's baby. It remains to be seen how hard he'll fight for it.

In the long run the most significant change may have been in the attitude of the Soviet Union.

"A government that is strong,

a government that is solvent, a government that is compassionate is the kind of government that endures."

He pledged that, despite military and nuclear cutbacks in spending—

"This budget safeguards the peace by providing for the further strengthening of the most formidable defense establishment the world has ever known."

Spurred by tax cuts, national output this year will soar by nearly \$40 billion to a surprising record total of about \$623 billion, the President predicted, generating higher revenues despite the lower tax rates.

So federal income will climb by \$4.6 billion in the coming fiscal year to \$93 billion, while government spending is

squeezed down by \$500 million to \$97.9 billion for the second budget cut in nine years.

TWO STUDENT LOCKSMITHS SUSPENDED

PHILADELPHIA (AP)—Two University of Pennsylvania students, who authorities said studied locksmithing intensively so they could gain access to the university's confidential records have been suspended for a minimum of two years.

At the same time, it was announced Monday that two other students were suspended until next fall on charges of drunk and disorderly conduct in the dormitories. A fifth student was placed on probation for allegedly forging his advisor's signature on a registration form.

Dean of Men Robert F. Longley, who heads Penn's eight-member Committee on Discipline which took the action, declined to disclose the names of the students because no criminal charges had been placed against them.

He said the two who gained access to records had been turned over to police by campus guards but were discharged by a magistrate and remanded back to university custody.

Longley said they studied locksmithing intensively beginning last September, using books borrowed from the free library.

The dean said the two—one a senior and the other a graduate student—told the committee they were interested solely in records and reports relating to their own performances at the university. He said there was no evidence that university property had been stolen, except for keys which they used to make a master set at the university's buildings.

Tempest Brewing In Wine Barrels

MAINZ, Germany (AP)—A sort of tempest in a wine barrel is fermenting between France and West Germany.

The French have proposed a series of "administrative regulations" to control the quality of wines produced in the six-nation European Common Market.

West German wine makers claim it is an attempt to make all European wine brands French. They say they will fight against "a uniform for European wines."

KANSAS CITY, Kan. (AP)—George Docking, 59, Democratic governor of Kansas from 1955-1960 and a director of the Export-Import Bank, died Monday. He underwent abdominal surgery Jan. 11.

ROME (AP)—Franco Ghione, 77, internationally known orchestra director and composer, died Sunday after a long illness.

LEWISBURG PA. (AP)

Counsel for union mine official August J. Lippi is preparing an appeal of his federal conviction of income tax evasion.

Lippi was sentenced Monday in federal district court in Lewisburg to three years in prison and fined \$5,000 on a charge of evasion of corporate income taxes totaling more than \$80,000 in the Knox Coal Co. case.

The sentences were held in abeyance after his counsel notified Judge Frederick V. Follmer that an appeal would be made to the U.S. Circuit Court of Appeals.

Lippi, a 63-year-old Exeter man who serves as president of United Mine Workers District 1, was released from custody on a continuation of his old bond. He still faces a trial on a charge of evading more than \$67,000 in personal income taxes for the years 1956-57-58.

OTHERS SENTENCED

Two others also were sentenced with Lippi Monday in the case stemming from tax payments for 1957.

Mrs. Josephine Sciandra of Exeter, who was convicted along with Lippi in the spring of 1962, was fined \$2,000.

Louis Fabrizio, who pleaded guilty, was fined \$2,000 and sentenced to 181 days in prison. He

D. LAWRENCE HAS FUN ON ANNIVERSARY

HARRISBURG (AP) — Former Gov. David L. Lawrence returned to Harrisburg Monday on the anniversary of his inauguration five years ago and used the occasion to poke a bit of political fun at the presidential stance of his successor on Capitol Hill.

Lawrence was in town for a dinner sponsored jointly by the central Pennsylvania professional chapter of Sigma Delta Chi, a journalism honorary fraternity, and the Capitol Press Club, site of the affair.

The former chief executive, who now serves in Washington as head of the president's Commission on Equal Opportunity in Housing, devoted much of his remarks to the publicity which now centers on Gov. Scranton as a possible Republican presidential candidate.

PREDICTS LBJ WIN

Of Scranton's repeated reluctance to enter the GOP race, Lawrence said: "Power politics has been evicted from the hill so completely that the governor can't keep his staff from violating his instructions running him for president."

On the publicity Scranton has been receiving of late in national news media: "Time Magazine . . . has pushed the governor of Michigan (George Romney) into the depths because he tried to get higher taxes and failed and it has elevated the governor of Pennsylvania to the heights because he tried and succeeded."

Turning serious, he predicted that President Johnson would be returned to the White House, regardless of whom the Republicans nominate to run against him this year.

He once again denied that he is interested in running against Republican in next Hugh Scott for a seat in U.S. Senate, although he had no favorite candidate himself at this time.

ANTITRUST TRIAL IN FALL

BUFFALO, N.Y. (AP) — Six companies that print color-comic supplements, including the International Color Printing Co. of Wilkes-Barre, Pa., are scheduled to go on trial Sept. 15 on government antitrust charges.

Judge John O. Henderson of Federal court on Monday set the date for the start of the non-jury trial.

The government charges that the companies do a \$28 million a year business and have conspired to monopolize the color-comic industry.

The other defendants are Greater Buffalo Press Inc., of Buffalo; the Hearst Corp., as operator of King Features Syndicate; Newspaper Enterprise Association of Cleveland; Southwest Color Printing Corp. of Lufkin, Tex.; and Dixie Color Printing Corp. of Sylacauga, Ala.

International, Southwest and Dixie are subsidiaries of Greater Buffalo. An order also is being sought by the government to divest Greater Buffalo of its ownership of International.

Last spring, Judge Henderson handed down an order permitting Greater Buffalo to transfer from Wilkes-Barre to Sylacauga the color-comic printing it handles for newspapers in the southern states.

CROSSWORD - By Eugene Sheffer

KILLED IN CRASH

UPPER DARBY, Pa. (AP) — Forty-three-year-old Gordon Campbell of (7205 Guilford Rd.) Upper Darby was killed today when his car crashed into a telephone pole in Upper Darby Township.

Police said the car swerved from the highway. Campbell was alone in the car.

Harold E. Stassen Is Running Again

WASHINGTON (AP) — Harold E. Stassen, the never-say-die man of Republican politics, launched his fourth drive for the presidency Monday.

Outlining a program entitled "building for peace," the former Minnesota governor told a news conference he would enter the Republican presidential primary in New Hampshire March 10.

He said he also would enter the District of Columbia primary May 5, and the final one in California June 2. He plans to enter certain other primaries, Stassen said, but did not name them.

In New Hampshire, he said, he is under the handicap of "starting late with two heavily financed and thoroughly organized campaigns already underway." He referred to Sen. Bar-

PENNSY HAD GOOD YEAR

PHILADELPHIA (AP) — Steadily increasing efficiency, aggressive cost control and over all operating economies last year gave the Pennsylvania Railroad system its best consolidated net income in six years, according to its board chairman, Stuart T. Saunders.

The railroad reported consolidated net income of \$24,054,000, or \$1.78 a share of common stock on Monday.

In addition to the accounts of the Pennsylvania Railroad Co., system consolidated figures include the Pennsylvania Co., trucking companies and other 100 per cent-owned companies.

The 1963 net income compares with \$12,500,200, or 93 cents a common share for 1962.

In the fourth quarter, the railroad earned \$8.6 million, compared with \$1.7 in the corresponding period last year, and consolidated earnings were \$14.2 million, or \$1.05 a common share, compared with \$8 million or 59 cents a share for the 1962 final quarter.

Walls in South Africa's deepest gold mines are so hot that a half million dollar air-conditioning plant is required to keep miners from roasting.

Profits Warrant Auto Price Cut

WASHINGTON (AP) — President Johnson's chief economic adviser, Walter W. Heller, dropped a broad hint Monday that the automobile industry was making enough money to warrant a reduction in car prices.

In the Council of Economic Advisers' report to the President, Chairman Heller said industries which have an unusually high rate of productivity could afford to pass along some of the financial benefits to consumers.

Asked specifically if this referred to the automobile industry, he said, "The automobile industry could well be one of those."

Heard about Dart's new V8? It's getting around fast!

Hot is the term that describes engines with more than adequate performance. It describes Dart's 225 cu. in. Six exactly. This Six has been more than a match of other compacts' extra cost engines. So why a new V8? We wanted to do something special for the guy who never quite got sports cars out of his system. And here it is! 273 cubic inches of bold V8 vigor.

Cat-quick from a stop. Plenty of reserve for highway passing. This responsive power plant turns regular gas into premium gusto. Prove it? Just nudge the pedal toward the carpet, and you've got the answer—real quick! And isn't it just like Dart to give you more action. Dart already gives you more room, comfort, luxury and luggage space than more-than-a-few other compacts. And with Dart you also get a long, strong 5-year/50,000-mile warranty.* (There goes Dart... giving you more again!)

*THE DEPENDABLES GIVE YOU 5-YEAR/50,000-MILE PROTECTION — Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship, and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its
